

Rotary Peace Center at Symbiosis International University, Pune, India will train peace and development professionals from across Asia

POSITIVE PEACE WORKSHOP IN INDIA 13- 18 NOVEMBER 2026

What is Positive Peace?

President (2026-27) Yinka is a Positive Peace Activator.

In what way is Positive Peace relevant to Rotary?

Did you know Rotary has Strategic Partnership with the Institute of Economics and Peace (IEP) to promote Positive Peace? Are you aware that the latest Rotary Peace Centre is in Pune, India?

Did you know Rotarians can complete the course on the Positive Peace Academy and enrol for the Positive Peace Ambassador Programme? Do you want to volunteer?

Is it by attitudes, institutions and structures that create and sustain peaceful societies? Does high levels of Positive Peace occur where attitudes make violence less tolerated, institutions are more responsive to society's needs, and structures underpin the nonviolent resolution of grievances through services to communities to improve their living condition through services in the seven areas of focus of Rotary.

If you are interested to contribute to Rotary's efforts towards Positive Peace, we are planning a Peace Conference in India (Rajahmundry, Andhra Pradesh) to take place in 13- 15 November 2026, followed by 2 days of sight seeing

Yes, we will have speakers on **Positive Peace Projects thorough (tentatively) :**
